

Eyepartner To Release Global Learning Management System - TorchLMS

Eyepartner Inc. announces the release of it's a new stand alone learning management system under the brand name, TorchLMS. The new platform will provide the ability to extend the Flagship TikiLIVE Platform to distance learning, corporate training and educational situations.

TorchLMS allows for any instructor to build a variable term training course using video, documents, scoring and one on one or one-to-many LIVE broadcasting sessions. TorchLMS allows for instant feedback of the live audience. TorchLMS extends the classroom worldwide through its comprehensive yet simple user interface.

As a stand-alone or as a supplement to one of the Eyepartner Platforms, TorchLMS will utilize most all of the inherent benefits of the TikiLIVE's powerful IPTV platform by providing:

- Live Seminar broadcasting
- TRUE HD (420p 720p and 1080i)*
- Video On Demand
- Pay Per View
- Course Management
- Lesson Management
- User Management
- Testing and Testing Management
- iPhone Support*
- iTunes RSS Integration*

With impressive advancements in HD IPTV delivery to the desktop, set top boxes and now to the Apple iPhone platform, Eyepartner has mastered the elusive convergence of educational content and instant distribution.

**Look for the soon to be released iPhone app via the Apple iTunes App Store.
